

Historic Places, unless approved jointly by the regulatory authority and the Federal, State, or local agency with jurisdiction over the park, forest, recreation area, or places;

(f)(1) Where the proposed surface coal mining operation may adversely affect any public park, forest, recreation area, or any places included on, or eligible for listing on, the National Register of Historic Places, the regulatory authority shall transmit to the Federal, State, or local agencies with jurisdiction over, or a statutory or regulatory responsibility for, the park, forest, recreation area, or historic place a copy of the completed permit application containing the following:

(i) A request for that agency's approval or disapproval of the operators;

(ii) A notice to the appropriate agency that it must respond within 30 days from receipt of the request.

§ 933.762 Criteria for designating areas as unsuitable for surface coal mining operations.

Part 762 of this chapter, *Criteria for Designation Areas Unsuitable for Surface Coal Mining Operations*, shall apply to surface coal mining and reclamation operations.

§ 933.764 Process for designating areas unsuitable for surface coal mining operations.

Part 764 of this chapter, *State Processes for Designating Areas Unsuitable for Surface Coal Mining Operations*, pertaining to petitioning, initial processing, hearing requirements, decisions, data base and inventory systems, public information, and regulatory responsibilities shall apply to surface coal mining and reclamation operations beginning one year after the effective date of this program.

§ 933.772 Requirements for coal exploration.

(a) Part 772 of this chapter, *Requirements for Coal Exploration*, shall apply to any person who conducts or seeks to conduct coal exploration operations.

(b) The Office shall make every effort to act on an exploration application within 60 days of receipt or such longer time as may be reasonable under the circumstances. If additional time is needed, OSMRE shall notify the applicant that the application is being reviewed, but more time is necessary to complete such review, setting forth the

reasons and the additional time that is needed.

§ 933.773 Requirements for permits and permit processing.

(a) Part 773 of this chapter, *Requirements for Permits and Permit Processing*, shall apply to any person who applies for a permit for surface coal mining and reclamation operations.

(b) In addition to the requirements of part 773, the following permit application review procedures shall apply:

(1) Any person applying for a permit shall submit five copies of the application to the Office.

(2) The Office shall review an application for administrative completeness and acceptability for further review and shall notify the applicant in writing of the findings. The Office may:

(i) Reject a flagrantly deficient application, notifying the applicant of the findings;

(ii) Request additional information required for completeness stating specifically what information must be supplied and negotiate the date by which the information must be submitted; or

(iii) Judge the application administratively complete and acceptable for further review.

(3) Should the applicant not submit the information as required by § 912.773(b)(2)(ii) by the specified date, the office may reject the application. When the applicant submits the required information by the specified date, the Office shall review it and advise the applicant concerning its acceptability.

(4) When the application is judged administratively complete, the applicant shall be advised by the Office to file the public notice required by § 773.6 of this chapter.

(5) A representative of the Office shall visit the proposed permit area to determine whether the operation and reclamation plans are consistent with actual site conditions. The applicant will be notified in advance of the time of the visit. At the time of the visit, the applicant shall have the locations of the proposed permit boundaries, topsoil storage areas, sediment control structures, roads, and other significant

§ 933.774

features contained in the application marked by flags.

(c) In addition to the information required by subchapter G of this chapter, the Office may require an applicant to submit supplementary information to ensure compliance with applicable Federal laws and regulations other than the Act.

(d) The issuance of permits shall be coordinated, to the extent practicable, with the issuance of the following permits, leases and/or certificates required by the State of North Carolina; Water discharge permit (NCGS 143-215.1); water use permits in capacity use area (NCGS 143-215.5); an approval of dam construction (NCGS 143-215.108), an air pollution control permit (NCGS 143-215.26, Title 15, North Carolina Administrative Code, Subchapter 2K); air and water quality reporting systems (NCGS 143-215.63—143-215.69); a geophysical exploration permit (Title 15, North Carolina Administrative Code, Subchapter 5C); a development permit for operations in an area of environmental concern designated pursuant to the Coastal Area Management Act (NCGS 113A-100—113A-128); a dredging or filing permit issued by the Department of Natural Resources and Community Development (NCGS 113-229); a permit for dumping of toxic substances (NCGS 14-284.2); compliance with any applicable land use regulations adopted in a soil conservation district (NCGS 139-9); and compliance with any county ordinance regarding explosives (NCGS 153A-128).

(e) No person shall be granted a permit to conduct exploration which results in the removal of more than 250 tons of coal or shall conduct surface coal mining unless that person has acquired all required permits, leases, and/or certificates listed in paragraph (d) of this section.

(f) The Secretary shall provide to the North Carolina Department of Natural Resources and Community Development a copy of each decision to grant or deny a permit application.

§ 933.774 Revision; renewal; and transfer, assignment, or sale of permit rights.

(a) Part 774 of this chapter, *Revision; Renewal; and Transfer, Assignment, or Sale of Permit Rights*, shall apply to any such actions involving surface coal mining and reclamation operations permits.

(b) Any revision to the approved permit will be subject to review and approval by OSMRE.

(1) Significant revisions shall be processed as if they are new applications in accordance with the public notice and hearing provisions of §§ 773.6, 773.19(b) (1) and (2), and 778.21 and of part 775.

(2) OSMRE shall make every effort to approve or disapprove an application for permit revision within 60 days of receipt or such longer time as may be reasonable under the circumstances. If additional time needed, OSMRE shall notify the applicant that the application is being reviewed, but that more time is necessary to complete such review, setting forth the reasons and the additional time that is needed.

(c) In addition to the requirements of part 774 of this chapter, any person having an interest which is or may be adversely affected by a decision on the transfer, assignment, or sale of permit rights, including an official of any Federal, State, or local government agency, may submit written comments on the application to the Office within thirty days of either the publication of the newspaper advertisement required by § 774.17(b)(2) of this chapter or receipt of an administratively complete application, whichever is later.
